

## REVISED REGISTRY FORM

Crossroads for Learning receives requests for information about Reggio Inspired programs. In an attempt to help with these requests, we had developed a *Registry* sharing detailed information about a program or educators inspired by the Reggio Emilia Approach. However, this process was quite cumbersome to complete so we have developed a revised and simplified version. We invite you to complete this simplified version in order that we can share information with parents or potential staff interested in your program. There is a onetime fee currently discounted at \$25 for a program and \$15 for an individual educator.

### GENERAL INFORMATION:
